About Colleges

Princeton Institute of Engineering and Technology for Women

The Vagdevi educational society was established and registered for the cause of provision of education in the backward district of Ranga Reddy with an aim of providing complete education to the students of Ranga Reddy district in general and Ramanthapur in particular. Density of population is increasing day by day. The society has sound financial background to augment the noble cause of providing a complete education. With the above objectives, the society gave shape to its aims by stating a Princeton Institute of Engineering and Technology for Women during the academic year 2008-2009.

The society comprises of talented, philanthropic, dedicated and committed members. They believe in imparting quality education to the needy students. The society's mission is to eradicate illiteracy among the people belonging to the sub-urban area. Princeton Institute of Engineering and Technology for Women Engineering College was set up in 2009 to meet the increasing needs of the students and endeavors to build their confidence and competence which enable them to face the challenges successfully. The college aims at motivating students towards their aims and goals of life and impart them insightful learning. The college is committed to create a congenial atmosphere to make education meaningful endeavor. Imparting education is our profession, personality development is our mission, provision of real knowledge is our passion, creativity is our ambition, and social responsiveness is our motto.

Eklavya University

Eklavya University is committed to nurturing achievers in life and careers through a value based, industry relevant and future ready educational program. Eklavya University is a career-driven Private University focused on innovation, interdisciplinary skill based learning, quality placements, and exemplary faculty. The University is promoted by Ojaswini Samdarshi Nyas, a registered Public Trust established in the year 2000. The Group has been a trusted name in education for over 20 years. The University is recognised by the M.P. Private University Regulatory Council.

Aiming at building the availability of employable work force in India, as well as to bridge the gap between academia and the corporate world, Eklavya provides hands on exposure to career driven, industry specific learning.

With a strong panel of experts on its Advisory Body Eklavya enjoys strong industry- academia partnerships. Together, the placement cell, the experts and the teaching faculty of the University equip students to be industry-ready. With the help of our mentors, we network with the industry to ensure that top Indian companies and MNCs come to the campus for placements.

Eklavya University prepares you for a life of meaning and means. You will be taught by extraordinary teachers, gain hands on learning experiences, and develop strong industrial networks as you pursue your academic and experiential passions. This is our Commitment to you.
