Description	Yoga is an ancient physical, mental, and spiritual practice that originated in India. The origin of the word "yoga" is from Sanskrit, which means "to unite". On June 21, it was recognised by the United Nations. Yoga has gained tremendous popularity not only in India but across the globe. It marks an opportunity to spread awareness about the benefits of yoga. Yoga is said to be more than just an exercise for those who practice it on a daily basis. As per the United Nations, yoga stands as an emblem for creating balance and harmony. When yoga is applied to communities and societies, it offers a path to sustainable living.

Description	<p>Spreading Human Rights awareness among the common people in their language is vital for creating a culture of human rights. Unless people are aware about their human rights they cannot protect their rights or seek redressal when it is violated. The language of Human Rights Awareness literature, thus, should be simple enough to be understood by common people. NHRC, Chairperson Dr. Justice A.S.Anand said this at the concluding session of the two-day National Seminar in Hindi on the Concepts of Human Rights in Indian Culture & Importance of Human Rights Education in India, organized by the Commission in New Delhi on 2-3 March 2006. He said that all religions are inspired in their own way by an innate concept of Human Rights. He emphasized that rights and duties are interlinked. While rights without duties lead to arrogance, duties without rights lead to slavery.</p>

Description	<p>Spreading Human Rights awareness among the common people in their language is vital for creating a culture of human rights. Unless people are aware about their human rights they cannot protect their rights or seek redressal when it is violated. The language of Human Rights Awareness literature, thus, should be simple enough to be understood by common people. NHRC, Chairperson Dr. Justice A.S.Anand said this at the concluding session of the two-day National Seminar in Hindi on the Concepts of Human Rights in Indian Culture & Importance of Human Rights Education in India, organized by the Commission in New Delhi on 2-3 March 2006. He said that all religions are inspired in their own way by an innate concept of Human Rights. He emphasized that rights and duties are interlinked. While rights without duties lead to arrogance, duties without rights lead to slavery.</p>
