Description	Awareness Program on international plastic bags free day, The International Plastic Bag Free Day is celebrated every year on 3 July, with an aim to raise awareness about the issues of plastic pollution and its harmful impact on the natural environment. Plastic waste is dumped in landfills and proves harmful to the marine creatures if it gets washed into oceans. The day aims to draw attention towards such harmful effects, as it takes around 100-500 years for a plastic bag to decompose

Description	<p>Spreading Human Rights awareness among the common people in their language is vital for creating a culture of human rights. Unless people are aware about their human rights they cannot protect their rights or seek redressal when it is violated. The language of Human Rights Awareness literature, thus, should be simple enough to be understood by common people. NHRC, Chairperson Dr. Justice A.S.Anand said this at the concluding session of the two-day National Seminar in Hindi on the Concepts of Human Rights in Indian Culture & Importance of Human Rights Education in India, organized by the Commission in New Delhi on 2-3 March 2006. He said that all religions are inspired in their own way by an innate concept of Human Rights. He emphasized that rights and duties are interlinked. While rights without duties lead to arrogance, duties without rights lead to slavery. Hence, there is a need to maintain balance between rights and duties, he stressed.</p>
