Description	Awareness Program on international plastic bags free day, The International Plastic Bag Free Day is celebrated every year on 3 July, with an aim to raise awareness about the issues of plastic pollution and its harmful impact on the natural environment. Plastic waste is dumped in landfills and proves harmful to the marine creatures if it gets washed into oceans. The day aims to draw attention towards such harmful effects, as it takes around 100-500 years for a plastic bag to decompose.

Description	<p>Anti-eve teasing campaigns and awareness programs are an important activity of 'SHE Teams' as it is important for women to know about the help in hand and for the offenders to be aware that they cannot get away lightly by thinking that there is no one watching their movements.</p> <p>Awareness is created in bus stops, colleges, hostels, shopping malls and other hotspots where there is a possibility of eve teasing. Posters, pamphlets and stickers are distributed among various cross sections about the protection provided by SHE teams. Digital displays at traffic junctions, slides in theatres, short films and SHE team songs help increase awareness. Runs and bike rallies which have pamphlets and other publicizing material help people learn about 'SHE Teams'.</p>

Unless people are aware about their human rights they cannot protect their rights or seek redressal when it is violated. The language of Human Rights Awareness literature, thus, should be simple enough to be understood by common people. NHRC, Chairperson Dr. Justice A.S.Anand said this at the concluding session of the two-day National Seminar in Hindi on the Concepts of Human Rights in Indian Culture & Importance of Human Rights Education in India, organized by the Commission in New Delhi on 2-3 March 2006. While rights without duties lead to arrogance, duties without rights lead to slavery. Hence, there is a need to maintain balance between rights and duties, he stressed.</p>
