<b>Description</b>	<p>A Guest Lecture has on Global Positioning System for Internet of Things Application been organized by Princeton Institute of Engineering and Technology for Women on May 16, 2020. The Guest Lecture was inaugurated by the Chairman of PETW, and Principal. In this total of 71 students participated and the guest lecture was headed by the resource person from Talent Sprint, EdTech Ltd, Hyderabad. The main aim of the workshop was to provide the concepts involved in Global Positioning System and also to give hands on training for application on Internet of Things. In this session students were being explained about main principles of GPS and then followed by the lunch. At the end of the session. The training program ended with our respected Principal. He was thankful for the valuable inputs delivered by resource person and he appreciated the commendable efforts taken by the college for initiating such a knowledgeable and informative session. The vote of thanks was given by the HOD of CSE Department on the successful completion of the workshop.</p>

<b>Description</b>	<p>A guest lecture on the topic “Introduction to Dart Programming Language for Mobile App development using Flutter” was organized by Princeton Institute of Engineering and Technology for Women on May 8, 2020 in the seminar hall at 9.30 am. This program included a guest lecture by the expert from Talent sprint Ed Tech Ltd, Hyderabad. Some of the topics covered in this lecture include basics of Dart programming using Flutter and mobile app fundamentals. The resource person motivated the students for success through perseverance, dedication and hardwork. He explained the importance Dart programming in mobile development. Students gained valuable information and some important tips which definitely help them achieve success in their examinations. The session was interactive and informative. At the end students were clarified with the answers to the questions asked.</p> <p>This guest lecture is an attempt to aware the students about the how can one develop a mobile app with the help of flutter. This lecture has created awareness in the students. A thank you note on behalf of students and faculty was given by HOD.</p>

This program included a guest lecture by the expert from Talent sprint Ed Tech Ltd, Hyderabad, who provided information about the basic IOT application, according to the syllabus he covered each and every important point which will help the students to gain theoretical as well as practical knowledge. He also guided all final year students on challenges of designing an IOT embedded system and suggested to do a detailed study on each unit so that proper knowledge is gained. . He further went on to give a vivid outlook on the real life IOT applications with which students will find it easy to learn. The training program ended with our respected Principal. He was thankful for the valuable inputs delivered by resource person and she appreciated the commendable efforts taken by the college for initiating such a knowledgeable and informative session. Finally the session ended with a vote of thanks by the HOD.</p>

<b>Description</b>	<p>The guest lecture was organized on the Hands-on Training on Cyber Security by Princeton Institute of Engineering and Technology for Women on July 27, 2020 in the seminar hall. The session was handled in two parts on Cyber Security. The Resource Person provided a thorough conceptual framework of the Cyber Security issues and the currently adopted global strategies to prevent hacking. The resource person from Azure Skynet Solutions PVT Ltd &amp; Cosmic Skills Edu LLP handled sessions on Cyber Security for critical information infrastructure protection. He provided live examples why and what types of information related to infrastructure are required for cyber security and the approaches to protect the cyber security. The students felt both her sessions very lively and clearly addressed all the queries of the participants. While delivering the session, the Resource Person created intuitiveness among the participants to further explore the subject and to undertake small research projects at their own level. The lecture was received with admiration by the students and they also found the slides appropriate. The event ended with honorarium to the guests. This lecture has created awareness in the students. A thank you note on behalf of students and faculty was given by HOD.</p>

<b>Description</b>	<p>A Guest Lecture has been organized by Princeton Institute of Engineering and Technology for Women on March26, 2021. The Guest Lecture was inaugurated by the Chairman of PETW, and Principal. In this total of 33 ECE students participated and the guest lecture was headed by the resource person from Talent Sprint, EdTech Ltd, Hyderabad. The session was continued by Mr.Sai Prasad, Takshila VLSI, Bangalore on the title “VLSI Design and Methodology”. He enumerated a list of Electronic Design Automation (EDA) Tools such as Synopsys, Mentor Graphics, Tanner, Electric, Silvaco, Glade, Alliance. He also emphasized that the importance ofVLSI TOOLS. He further went on to give a vivid outlook on its usage in Mechanical courses with which students will find it easy to learn. The main aim of the workshop was to provide the VLSI TOOLS BASICS and also to give hands on training for application of VLSI TOOLS. In this session students were being explained with the main principles and then followed by the lunch. At the end of the session. The training program ended with our respected Principal. He was thankful for the valuable inputs delivered by resource person and he appreciated the commendable efforts taken by the college for initiating such a knowledgeable and informative session. <b>Description</b>	<p>A Webinar on Building a Career Development culture with IBM has organized by Princeton Institute of Engineering and Technology for Women on April 10, 2021 at 09:30 a.m. at Seminar Hall. This program included a guest lecture by Datagami technology Services PVT. Ltd, Premier, who provided information about the Career Development, he covered each and every important point which will help the students to gain theoretical as well as practical knowledge. He also guided final year students on building a strong career at MNC's. He further went on to give a vivid outlook on the importance of career development. The training program ended with our respected Principal. He was thankful for the valuable inputs delivered by resource person and he appreciated the commendable efforts taken by the college for initiating such a knowledgeable and informative session. The students felt both her sessions very lively and clearly addressed all the queries of the participants. While delivering the session, the Resource Person created intuitiveness among the participants to further explore the subject and to undertake small research projects at their own level. The lecture was received with admiration by the students and they also found the slides appropriate. The event ended with honorarium to the guests. This lecture has created awareness in the students. A thank you note on behalf of students and faculty was given by HOD.</p>

<b>Description</b>	<p>Princeton Institute of Engineering and Technology for Women organized a Guest lecture on Applications of Electromagnetic Waves Present and Future on May 5, 2021. The objectives of this seminar were to expose the participants to Applications of Electromagnetic Waves Present and Future to help students to take up projects in these domains. The seminar was attended by students from B.TECH ECE</p> <p>The event began with a welcome by HOD of ECE followed by the introduction to the resource persons Mrs.S. Rangeetha, Assistant Professor, Sri Ramakrishna Engineering College, Coimbatore. The session commenced with a brief introduction to Electromagnetic Waves. The PPT's were then presented. The speakers stressed on Applications of Electromagnetic Waves in present and future. Some leading technologies and applications were also covered. The students felt both her sessions very lively and clearly addressed all the queries of the participants. While delivering the session, the Resource Person created intuitiveness among the participants to further explore the subject and to undertake small research projects at their own level. The lecture was received with admiration by the students and they also found the slides appropriate. The event ended with honorarium to the guests. This lecture has created awareness in the students.</p> <p>The webinar concluded with a vote of thanks delivered by ECE students</p>

<b>Description</b>	<p>A Guest Lecture on "Introduction to Software In Civil Engineering And their Applications" has been organized by Princeton Institute of Engineering and Technology for Women on May 15, 2021. The Guest Lecture was inaugurated by Mr. Prabhakar Rao, Chairman of PETW, and Principal. All the Civil 2<sup>nd</sup> year students participated and the guest lecture was headed by the resource person Mr. B. Srinivasa Reddy, from Bhavanan's Construction. The session was continued on the title "Introduction to Software". He enumerated about basics of software and also its applications. He also emphasized that the importance of Software in Civil engineering. He further went on to give a vivid outlook on its usage in everyday life of a Civil Engineer. The main aim of the workshop was to provide the information about applications of software and also to give hands on training for application of it. In this session students were being explained with the main principles and then followed by the lunch. At the end of the session. The training program ended with our respected Principal. He was thankful for the valuable inputs delivered by resource person and he appreciated the commendable efforts taken by the college for initiating such a knowledgeable and informative session. The vote of thanks was given by the HOD of Department on the successful completion of the workshop.</p>

<b>Description</b>	<p>A guest lecture on the topic “Semiconductor Devices for Next Generation Low Power Applications” was organized by ECE Department at Princeton Institute of Engineering and Technology for Women on May 27, 2021 in the seminar hall. This program included a guest lecture by the expert Dr. Shubham Tayal, Assistant Professor &amp; Dean International relations, SR University, Warangal. Some of the topics covered in this lecture include basics of Semiconductor Devices and using Power Applications. The resource person motivated the students for success through perseverance, dedication and hardwork. He explained the importance and added valuable information. Some important tips were given which definitely helps them to achieve success in their examinations. The session was interactive and informative. At the end students were clarified with the answers given to the questions asked.</p> <p>This guest lecture is an attempt to aware the students about the importance of power applications. This lecture has created awareness in the students. A thank you note on behalf of students and faculty was given by HOD.</p>

<b>Description</b>	<p>A Guest Lecture on Hand Gesture Recognition with Human Computer Interface was organized by Princeton Institute of Engineering and Technology for Women for all the CSE students on June4, 2021 at Seminar Hall. The session was inaugurated at 10.00 a.m. by Director, in the presence of Head of the department of CSE and faculty members and the participants from the departments of CSE of the College. The keynote address was given by the guest speaker Mrs. P.N. Neetu, Assistant Professor, Dept of ECE, New Prince Shri Bhavani College of Engineering and Technology, Chennai, Tamil Nadu. She expressed his sincere gratitude to the College for their support. The session was continued on the title "Hand Gesture Recognition with Human Computer Interface". He enumerated about the gesture recognition are manifold, ranging from sign language to virtual reality. He also emphasized the Gesture recognition concept, gesture types and different ways of gesture recognition. He further went on to give a vivid outlook on the important difference in the gesture interpretation approaches arise depending on whether a 3D model of the human hand or an image appearance model of the human hand is used. The lecture ended with our respected Principal. He was thankful for the valuable inputs delivered by resource person and he appreciated the commendable efforts taken by the college for initiating such a knowledgeable and informative session. Finally, the session ended with a vote of thanks by the HOD.</p>

<b>Description</b>	<p>Guest Lecture on Geological Drawbacks of Civil Engineering Constructions was organized by the Department of Civil engineering on 10<sup>th</sup> June 2021 at Princeton Institute of Engineering and Technology for Women. The guest speaker was Mrs. G. Ramya, Assistance Professor, from KU. The event started with a welcome address. The guest lecture was preceded by a short talk by the Principal of PETW. In the lecture, chief guest explained all the processes that were involved in Civil Engineering Constructions. After explaining the processes, he illustrated various equipment used in the process of Civil Engineering Constructions. He also explained the Geological Drawbacks of Civil Engineering Constructions in detail and elucidated the testing methods employed. In his talk he emphasized the points on civil engineering. The lecture started around 9:30 am and ended around 4:00 PM. The lecture was received with admiration by the students and they also found the slides appropriate. The event ended with honorarium to the guests. This lecture has created awareness in the students. A thank you note on behalf of students and faculty was given by Civil HOD.</p>
