Faculty Development Program on

PROGRAM ON PYTHON PROGRAMMING

8-15 FEB 19

**Department
of
Computer Science
Engineering**

THEME

The course is aimed at making the participants aware about the different optimization techniques and the tools available for this purpose. The participants will be exposed to application of Python Programming. Although, the course will cover fundamental theoretical and algorithmic aspects of optimization, the emphasis will be on applied optimization using Python Programming and its applications in the context of engineering.

CONTENTS

The following topics will be covered during the program:

- Basic concepts and classification of Python Programming
- Objective functions and constraints
- Mathematical Modeling
- Nonlinear optimization
- Multiobjective optimization
- Python Fundamentals & Programming
- Solutions of optimization problems using Python Programming

INSTITUTE

Princeton Institute of Engineering and Technology for Women, Hyderabad was established in 2009 by Vagdevi educational society. In the year of

PRINCETON INSTITUTE OF ENGINEERING
& TECHNOLOGY FOR WOMEN
Chowdaryguda, Korremula (V),
