Quick Steps to Start

1. Configure Admission Type, Admission Status, Admission Category and Religion from Admission -> Setting tab.
2. Add groups / semesters from Admission-> Group tab.
3. Import student list from Admission-> Registered Students-> Import.
4. Download Prerequisite CSV file which includes values for Year of Admission, Admission Type, Admission Number Series, GRN Series, Category, Payment Category, Blood Group, Gender, Religion, Status and Admission Status which will be used for reference to import students.
5. Download Sample Student CSV. Add your students and import to respective academic year, department and group / semester. After importing the CSV, Imported student list can be viewed in Registered Students tab.
6. After importing the CSV, imported student list can be viewed in Registered Students tab.

Salient Features of Admission

Enquiry Generation
Generate form for collecting enquiries related to admission. Admission forms are fully customizable. You can add your own required fields.

Manage Enquiries
Set custom status for the admission form enquiries. Assign the approvers to the respective status. Grant access to a specific user for modifying the status approvers.

Register as a Student
Once you confirm any enquiry, you can register any enquiry as a student within few clicks.

Academic Year-wise Intake
Here, we have provided an option to maintain the intake quantity as per the academic year of the Institute for the respective department.

Group Management
Create groups for the selected students as per semesters/year of the institute. Assign groups to the parent group for managing year-wise data.

Online Exam Details

[Manage Online Exam](#)

Use of Online Exam Platform

- To conduct continuous assessment examination with automated reports facility
- To prepare students for competitive examinations from day first
- To transform institute in digital one
- To remove fear of online exam and practice of MCQ's from first year to sustain in competitive world
- To support in Green Campus Initiative and contribute for greener nation
- To prepare aptitude/logical reasoning for students
- To identify slow learners / advanced learners

How it is connected with android app?

vmedulife Android App is available for both students and faculties. As a faculty, you can view the online exam attendance from android app in live mode. Students can view exam marks from android application. Online exam will be soon available soon on Android App and you as a faculty will be having rights to decide exam access on android application.

How students can view result ?

Students can view result from vmedulife Android App and from web portal too.

Can students check own performance with correct/incorrect answers and explanation?

Students can easily check the performance from the web dashboard. Students can check the complete answer sheet with correct/incorrect answer and detailed explanation for every question.

Home | Academic Planning |

Academic Planning

Course List

Calendar View

Course Management

Create different courses and assign it to the respective instructors. You may create both theoretical and practical courses along with electives. Easily assign the elective subject to selected learners. In case of shared courses, assign multiple instructors to one course.

Syllabus Management

Easily maintain the syllabus for the courses along with the subtopics. Divide them as per the teaching hours. Link with course outcomes and unit outcomes. Once the syllabus added, it will automatically generate the session plan based on hours given to each topic.

Session Management

Generate weekly, monthly session plan within a few clicks. Set rules for effective implementation. Manage requests from instructors for session updates. Transfer session on the fly. Confirm session and conduct classes online. Generate multiple reports as per your need.

frequently Asked Questions

Importance of digital academic planning

Online Academic Planning contains information regarding proposed plan, completion details, gap analysis, teaching aids/methodologies linked with students' attendance of sessions. It will be stored in online mode for minimum five years of duration. It will help you to get previous minimum five years of data in one report. As per our experience of digital planning since the last five years, it has been proved beneficial for those institutes using this facility on regular basis. Now they have all previous year's data available within clicks in ready to print format. If you are publishing your subject planning at start of academic year, then students can easily access the planning and plan their study accordingly. It is beneficial especially for those students who are preparing for competitive examinations to plan the study in advance.

How it works?

Once any institute opts for vmedulife platform implementation, they may start their academic activities by adding the courses and assigning them to the concerned instructor. Once the course will be assigned to any instructor, it will automatically reflect in their vmedulife account. As an admin or HOD, one may create the timetable and the sessions will be automatically created. Then after instructors may start their regular activities.

Activate Windows

Go to Settings to activate Windows.

Can we update the attendance of the students?

PRINCETON INSTITUTE OF ENGINEERING AND TECHNOLOGY FOR WOMEN
Vijayapuri colony Chowdaryguda (V), Ghatkesar (M), Medchal (D), TS-500088
(Affiliated to JNTUH, Hyderabad & Approved by AICTE, New Delhi)

Search by Title, Personal Name (Author, Editor, etc.), Subject, Barcode No., ISBN, etc.

The screenshot shows the 'NewGenLib' search interface. It has a menu bar with 'Acquisitions', 'Tech. processing', 'Circulation', 'Serials Management', 'Administration', 'Reports', 'Queries', 'Utilities', 'Windows', and 'About'. The main area is titled 'Search catalogue' and has three tabs: 'Search query', 'Search results', and 'View'. The 'Search query' tab is active, showing two search input fields. The first is labeled 'As Title' and contains the text 'engineering'. The second is labeled 'As Keywords'. Between the fields are radio buttons for 'AND', 'OR', and 'NOT'. Below the fields are checkboxes for 'Set search limits' and a 'Records per page' dropdown set to '25'. At the bottom, there are 'Search' and 'New Search' buttons, and a status bar that says 'Applet running...'.

The screenshot shows the 'NewGenLib' search results interface. It has the same menu bar as the search form. The 'Search results' tab is active, displaying a table of search results. The table has columns for '#', 'Main author/creator etc', 'Full title', 'E...', 'Type', and 'Year'. Below the table are navigation buttons: '<', '>', 'View details', 'Update holdings', 'Attachments and URLs', and a status bar that says 'You may also double click on a record to view the details' and 'Show selected records Displaying 1 through 25 of 1137'. At the bottom, there are 'Cancel' and 'Close' buttons, and a status bar that says 'Applet running...'.
